2024 Summer Work

- Entering 2nd Grade -

Dear Rising 2nd Grade Families,

Happy summer break! Attached you will find the **required** summer reading and math packet. We also ask that you support your child by reviewing their daily work and *return both completed packets* to their teacher in the fall.

Please be sure to have your child read at least 20 minutes per day, 4-5 times a week to strengthen their reading skills. Should you feel stuck selecting a book of your own, please see the Summer Hub website for a suggested book list for second graders.

In addition, keeping a journal is a great way to hone literacy skills. Documenting experiences like going to the beach or camping and visiting museums are wonderful ways to help your child continue to practice their writing skills.

We hope that everyone has a wonderful summer, full of enriching, relaxing, and fun activities!

Warmly,
The 2nd Grade Team and Heather Wagner
